AUTHORISING THE BOARD OF DIRECTORS TO DECIDE ON THE ACQUISITION OF TREASURY SHARES

In line with the Board's proposal, the General Meeting decided to authorise the Board to decide on the acquisition of treasury shares.

Based on this authorisation, the Board is entitled to repurchase a maximum of 500,000 Series A shares of the company in one or more lots using the company's unrestricted equity.

The shares shall be acquired in public trading arranged by NASDAQ OMX Helsinki Ltd, due to which the acquisition shall constitute a deviation from the pro rata principle among shareholders, and the compensation payable for the shares shall be the market price of the Olvi A share at the time of acquisition.

The shares shall be acquired for the purpose of financing or executing any upcoming corporate acquisitions or other arrangements, implementing the company's incentive schemes or for other purposes decided upon by the Board of Directors. The maximum number of shares to be acquired represents approximately 2.4 percent of all shares in the company and approximately 0.5 percent of all votes, which means that the acquisition would not have any significant effect on the distribution of shareholdings and voting rights in the company.

The Board of Directors shall decide upon other matters related to the acquisition of treasury shares.

It is proposed that the authorisation to acquire treasury shares shall be valid until the closing of the Annual General Meeting 2023, however no longer than 18 months from the General Meeting's decision of authorisation.

The new shares can be issued, and the treasury shares transferred in one or more lots either against payment or free of charge. The new shares can be issued and the treasury shares transferred to the company's shareholders on a pro rata basis in relation to their existing holdings, or a private placing can be executed in deviation from shareholders' pre-emptive rights if a weighty economic reason for this exists from the company's viewpoint, such as financing or execution of corporate acquisitions or arrangements, development of the company's equity structure, improvement of share liquidity or implementation of the company's incentive schemes. A private placing can be free of charge only if a particularly weighty economic reason for this exists from the company's viewpoint, taking into consideration the interests of all shareholders.

The Board of Directors shall decide upon other matters related to share issues.

It is proposed that the issue authorisation shall be valid until the closing of the Annual General Meeting 2023, however no longer than 18 months from the General Meeting's decision of issue authorisation.
